Defaulted Loans

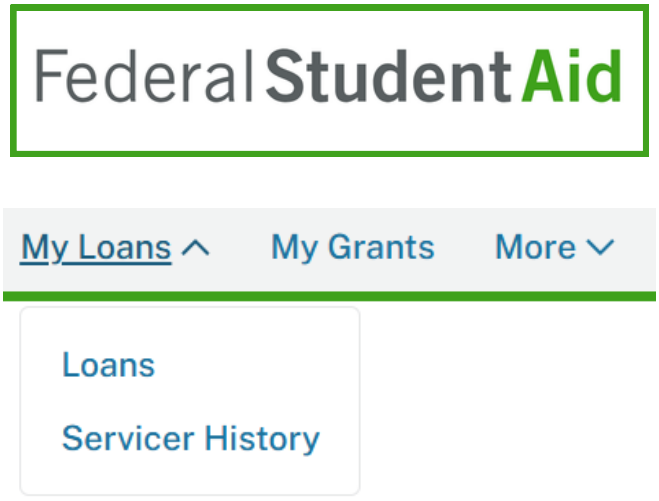
*Please read and follow all instructions *in order*.

If student loan payments are continually missed, the loan(s) will go into default. Defaulted loans can affect your credit score and prevent you from receiving financial aid. To get a loan out of default, contact the loan servicer.

If attending school at least half-time (6 credit hours), you may be eligible for In-School Deferment. **Wiregrass does not provide student loan deferment forms.** Forms are provided by your loan servicer or studentaid.gov. Bring them to the One-Stop or email them to registrar@wiregrass.edu to be completed by the Registrar's Office.

1. Go to **studentaid.gov** and log in.

2. Click '**My Loan**s' from the top toolbar and select Loans.



****Here you can look at all of the student loans you have, which are in default, and how to contact the loan servicer.**
