#### Warranty of Graduates

The Technical College System of Georgia (TCSG) guarantees the skills of its students for two years after they graduate from a degree or diploma program of study. Graduates who are found to be deficient in one or more competencies as defined in the curriculum standards can retake the related course work at no instructional cost to the graduate or employer, at any TCSG institution within the state. This warranty applies only to graduates who are employed in their fields of training. Contact the Academic Affairs office for more information.
