

**Albany State University and Wiregrass Georgia Technical College  
Transfer Articulation Agreement  
January 2021**

**Introduction**

This agreement formally recognizes that Albany State University (ASU) and Wiregrass Georgia Technical College (WGTC) are active educational partners in providing educational opportunities for currently enrolled and potential students of both institutions. Agreement to this partnership requires a commitment by both institutions to serve and facilitate a student's ability to transfer into a degree program without jeopardizing the intended mission and stated goals of either institution.

**Admission Guidelines**

**I. General Admission**

1. WGTC students who follow the recommended program of study - the USG core and transfer curriculum - and who meet all other admission requirements and deadlines pertaining to application for admission, orientation and registration, and payment of tuition and fees shall be eligible for admission to ASU. Transfer students must meet the same standards and criteria for admission to a major degree sequence as a native ASU student. They will abide by the policies and procedures, along with any revisions thereof that apply to all students at that institution.
2. Transfer students from WGTC are to adhere to ASU's admission requirements based on the catalog year in effect at the time the student first enters ASU, provided that the student maintains continuous enrollment.
3. The application fee shall be waived for any WGTC student.
4. Admission to ASU under the terms of this agreement does not imply students are admitted to degree programs requiring additional requirements. Students interested in enrolling in these programs should contact the specific academic department to confirm prerequisites and other criteria prior to admission to ASU.
5. Students who do not have the qualifications delineated in this agreement have the ability to pursue admission to ASU through the regular transfer application process.

**II. Guaranteed Admission**

WGTC Transfer Students will receive automatic admission as degree-seeking candidates to ASU under this agreement if they fulfill the following requirements:

- Completion of a minimum of 30 transferable credit hours of post-secondary coursework with a minimum 2.0 grade point average on a 4.0 scale at WGTC (excludes any courses transferred into WGTC) prior to enrolling in ASU. If courses are repeated, the course grades will include the latest final grade in calculating the admission grade point average.
- If a non-US citizen or permanent resident, they must earn a TOEFL score of 500 on the paper exam and 173 on the computerized exam or the International English Language Testing System (IELTS) with a minimum score of 4.5 is required, if English is not the student's native language. Tests will not be required if student comes from a country where English is the official language.

- They submitted an application for admission, official transcripts, and Free Application Federal Student Aid (FAFSA) by February 1 for summer and fall matriculation or October 1 for spring matriculation.
- Students may request to defer enrollment for up to one year, but could be impacted by ASU's capacity for the desired term of enrollment.
- Students must be in good academic and conduct standing with WGTC. Therefore, a statement from WGTC verifying that the student is in good conduct standing, which must be signed and dated by a Students Affairs Officer at WGTC.
- Any WGTC student who previously attended ASU and left not having met the good academic or conduct standing guidelines will have to submit an appeal to the ASU Office of Enrollment Services prior to having an admission decision rendered.

### **Financial Aid**

Students must submit the FAFSA to receive consideration for any federal, state, and institutional financial aid.

- ASU will provide financial support, based on available funding, to eligible students consistent with the institutional policies, which are available on the Financial Aid webpage at: <https://www.asurams.edu/enrollment-management/financial-aid/index.php/>. Please note that only U.S. citizens or eligible non-citizens are considered for institutional aid.

### **Scholarship Opportunities**

WGTC transfer students who have the required grade point-average and meet all other requirements of the university and university-affiliated organizations, based on available funding, will be eligible for scholarship support.

### **Student Advising**

ASU will provide transfer evaluation and advising to WGTC students through on-site, virtual, and/or telephone advising. Additionally, faculty advising by discipline will be available to future transfer students prior to and once matriculated at ASU. Informational materials for potential transfer students will be available at WGTC to facilitate the transfer process. Occasionally, ASU Enrollment Management and Student Success personnel will visit WGTC to educate and inform WGTC students about ASU.

### **Housing**

New students will receive priority consideration if their housing application is complete and submitted by the priority filing date. This includes submitting the non-refundable housing reservation payment. In general, students may reserve campus housing on a space available, first-come, first-served basis.

### **Agreement on Articulated Courses**

This agreement is specifically for students completing the courses included in this document at Wiregrass Georgia Technical College who are transferring to complete a baccalaureate degree at Albany State University. This agreement does not apply to other institutions in the University System of Georgia. Any Wiregrass Georgia Technical College student who completes the courses detailed in the attached Curriculum Equivalency Guide at Wiregrass Georgia Technical College, is in good standing at Wiregrass Georgia Technical College, and meets the appropriate admission requirements to attend Albany State University will be ensured that the courses listed in this agreement earned at Wiregrass Georgia Technical College will transfer to Albany State University. A minimum grade of "C" or above will be required for ENGL 1101, ENGL 1102, and any other courses designated by specific majors in accordance with their program requirements.

No student may transfer more than 75% of the credit required for an associate or baccalaureate degree. Both institutions are committed to advising students accordingly so that credit earned is applied appropriately to the degree. Students who

plan to change from a non-science major to a science major may need to take additional courses in Areas A-E. This agreement replaces any former agreement.

**I. Acceptance of Transfer Credits and Core Curriculum**

1. WGTC shall endeavor, through articulated transfer pathways (A.A./A.S.) or program-to-program (A.A.S.) agreements entered into in accordance with this General Articulation, to collaborate with ASU that shall accept at least sixty (60) transferable college level credits.
2. Transfer students will receive academic credit for transferable college level courses only completed with a grade of "C" or better, unless stated otherwise in ASU's catalog.
3. Remedial/developmental or technical/vocational courses will not be included for transfer in this General Articulation Agreement from individually accredited colleges unless specified by individual colleges in a separate Program-to-Program Articulation Agreement.
4. ASU will accept transferable college level courses from WGTC without regard to institutional modality including, but not limited to, online courses and programs and dual enrollment credits classes.
5. ASU and WGTC will work cooperatively to create a mutually acceptable articulation appeal process for reviewing credits not accepted in transfer admission at ASU.
6. WGTC students transferring with an A.A. or A.S. degree shall not be required to take additional general education/core courses at ASU; unless a specific core curriculum is established in a transfer pathway agreement.

**ASU and WGTC Responsibilities**

ASU agrees:

1. to make available pre-advising with an WGTC student upon receiving an official inquiry submission;
2. WGTC students who meet the priority deadline of February 1 for the fall semester by submitting a transfer application, supporting credentials, and FAFSA will receive notification of their admission and financial aid by March 15;
3. to notify the appropriate WGTC official when circumstances arise that warrant a conference between WGTC and ASU to address any concerns affecting student success;
4. review this agreement on an annual basis and work with WGTC to make any necessary adjustments.

WGTC agrees:

1. to make a concerted effort to disseminate accurate information to WGTC students seeking to transfer to ASU of the admission and academic requirements necessary to matriculate and succeed at ASU;
2. to accept successfully completed coursework at ASU as a satisfaction of WGTC requirements through reverse transfer;
3. to notify the appropriate ASU official when circumstances arise that require a conference between the ASU and WGTC to address any concerns affecting student success;
4. to review this agreement on annual basis and work with ASU to make any necessary adjustments.

**Agreement on Accreditation**

Both parties agree to maintain regional accreditation through the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Should either institution lose accreditation through SACSCOC, the other institution may terminate the agreement through formal written notice.

**Agreement on Communication and Data Exchange**

Albany State University and Wiregrass Georgia Technical College agree to cooperate in communicating with each other concerning the articulation relationship between the two institutions. Communications may include common publications and announcements concerning their affiliation. Announcements of this articulation and of changes in the relationship will have a coordinated release to the public from both institutions. The institutions will encourage the dissemination of
