

## Columbia Southern University

### Emergency Medical Services Administration Course Requirements (effective October 13, 2022)

This agreement provides students who have earned an Associate of Applied Science degree at Wiregrass Georgia Technical College (WGTC), which is accredited by the Commission of Colleges (COC of the Southern Association of Colleges and Schools (SACS), the opportunity to continue their education by transferring into Columbia Southern University's (CSU) Bachelor of Science in Emergency Medical Services Administration.

Graduates and employees of the Wiregrass Georgia Technical College who enroll in any Columbia Southern University bachelor's degree program are eligible to participate in the Leadership Partnership between CSU and WGTC. The benefits of this partnership include students, employees, and their families receiving a 10% discount in tuition.

- 1. Admissions and Matriculation** - WGTC students will be afforded the same treatment and protection, and be required to meet the same admission requirements, as native Columbia Southern University students enrolled under a specific catalog term. WGTC students should request an official transcript be sent to Columbia Southern University upon completion of coursework at Wiregrass Georgia Technical College. A minimum grade of "C" in all courses must be maintained to qualify for transfer under this articulation agreement.
- 2. Transfer of Credit** – WGTC general education courses can potentially transfer toward CSU general education requirements, as outlined in this agreement, or Open Electives. WGTC courses that do not fit CSU's general education categories will be reviewed for possible Open Electives credit. Actual number of transfer credit hours awarded (and therefore the number of hours to be completed at CSU) will be based on actual courses completed successfully at WGTC for which there exists a CSU equivalent and could be more or less than the number of transfer credits in the example above. Please note, CSU accepts a maximum of 90 semester hours of transfer credit in the bachelor's degree program. Direct transfer credit for a Major Requirement or General Education course requires the transfer course to be a minimum of 3 semester hours. Any WGTC course worth 4 or more semester hours but only given 3 semester hours for chart purposes would be reviewed for the full credit designated by WGTC, subject to program director approval.
- 3. Program Plan** - Credit awarded is subject to degree requirements at the time of enrollment.

Course Number and Prefix	Wiregrass Georgia Technical College Associate of Applied Science in Paramedicine	Credit Hours	Course Number and Prefix	Columbia Southern University Bachelor of Science in Emergency Medical Services Administration	Credit Hours
