2026 WGTC Practical Nursing Program End-of-Program Student Learning Outcomes

1. **Patient Centered Care:** Analyzes patient preferences, values, and needs to deliver individualized care.
2. **Quality:** Evaluate and modify nursing interventions based on patient outcomes to promote continuous improvement in care.
3. **Safety:** Analyze potential safety risks and apply appropriate interventions to prevent patient harm.
4. **Teamwork/Collaboration:** Apply effective communication strategies and collaborate with patients, families, and the healthcare team to support safe and coordinated patient care.
5. **Informatics:** Analyze and evaluate patient data using healthcare technology demonstrating accurate documentation to support safe clinical decision-making.
